Subj: Delegations of Authority

1. From time to time, predecessor Deputy Directors for Administration have delegated authority to the SSA/DDA to act on their behalf in approving administrative plans, liquidation plans, fiscal plans, and logistic annexes (collectively referred to as support supplements). The most recent reaffirmation of this delegation is found in Reference B. Because of the time span since the last formal review, I think it appropriate to ask for your confirmation of this delegation of authority.

25X1 3. I believe the very nature of the SSA/DDA role, that is, the close relationship to the unusual administrative requirements of the Directorate of Operations, affords this office a unique optic with which to perform staff review of support supplements.

SUBJECT: Delegation of Authority to Approve Support Supplements

4. Your approval is requested for the continuation of the delegated authority of the SSA/DDA to approve support supplements under the provisions of Reference A. In the absence of the SSA/DDA, the Deputy SSA/DDA will be formally designated as "acting" and may exercise this delegated authority. No further delegation is envisaged or requested.
